INDIANAPOLIS

INTRODUCTORY

1906

1358780

The publishers take pleasure in presenting to their patrons the fifty-second annual volume of the INDIANAPOLIS CITY DIRECTORY with the assurance that the high standard established by our past issues has been fully maintained and that we have spared neither labor or expense to produce a work as thorough and correct as is possible for a publication of this kind.

This Directory contains 88,954 names, and on the basis of 2 1-2 inhabitants to each name we estimate the population to be **222,385.** This is an increase in names over 1905 of 3,312, and in population of 8,280.

Nearly 89,000 names are contained in this Directory, four-fifths of which are canvassed in duplicate, necessitating the handling of practically 160,000 names for which there is no rule, guide or regularity to spelling, thousands of which, although pronounced alike, would be spelled in many different ways and all correctly, and often members of the same family will spell their names in a different manner. It is impossible to publish a work of this magnitude without some errors, but years of experience have established a thorough system, which has reduced them to a minimum, and enables us to furnish Indianapolis with a directory which will be found accurate and reliable and an answer to almost every question which may relate to our city and its inhabitants.

The Commercial Club

COMMERCIAL CLUB BUILDING

A BUSINESS ORGANIZATION composed of the leading business and professional men of the city, which stands for the betterment of Indianapolis. Its mission is to give assistance to every branch of manufactory and trade, to lend its influence in shaping legislation in the interest of Indianapolis and the State at large, to advertise the city and exploit its many advantages as a manufacturing city and place of residence. Information relative to Indianapolis will be furnished on application to

ROBERT G. McCLURE, Secretary, 801 Commercial Club Building

ETCHING USED BY COURTESY OF THE COMMERCIAL CLUB

INDIANAPOLIS.

During the year 1905 Indianapolis has made remarkable progress in many ways. The city has prospered from commercial and professional standpoints more than it ever has in any year of its history. On every hand the resident of this "no mean city" can see evidences of prosperity.

It was the city's banner building year, more than $6,000,000 being expended for new structures, varying from humble cottages to mammoth sky-scrapers. Approximately, three quarters of a million dollars has been expended in the city's churches during the year, or will have been expended before the improvements begun in 1905 are completed.

In the matter of new residences erected in 1905, the outcome is very gratifying. But Indianapolis is more than a "city of homes." It is a hustling, thriving business city, filled with up-to-date and progressive establishments and dotted thick with great and growing manufactories, which have experienced the greatest year's business in their history.

That Indianapolis is attracting wide-spread attention in the world of manufacturing is evidenced by the fact that during 1905 no less than eighty-nine different manufacturing plants were established in the city, m them coming from other cities. At the present time the city has almost 2,300 manufacturing establishments, in which approximately 45,000 people are employed, receiving $15,000,000 in wages annually.

Some time ago, Indianapolis became noted as the largest inland city in the country; that honor still rests with us. It is within thirty-five miles of the center of population of the United States. Another remarkable fact about the population of Indianapolis is that during the decade from 1890 to 1900, the city had a percentage of growth larger than any other city in America of its class.

Indianapolis is one of the greatest railroad centers in the country; for its size, it is THE greatest railroad center. At the present time, by means of thirty-two steam railroads and interurban lines, all of the great cities of the central west can be reached from Indianapolis in five hours. During the past year, five new steam roads were projected, most of which will, no doubt, be completed in 1906.

This city is the greatest interurban center in the world, all the lines terminating at the magnificent Traction Terminal Building, which is the only exclusive interurban station in the world. At this time, one and one-half million people are within two hours' ride of Indianapolis.

The Commercial Club, in addition to much other work, has appointed a boulevard commission that is planning the extension of Fall Creek Boulevard to the Benjamin Harrison Army Post. This enterprise seems now to be assured.

Among other accomplishments of this club, it may be said that the following enterprises are well under way:

The Citizens Gas Company.

A Coliseum that will seat approximately 16,000 people.

The building of an Armory for the Indianapolis Batallion of Infantry.

At the close of the year, the club realized, after eleven years of persistent work, the beginning of track elevation at Indianapolis. Railroad traffic is now being carried over elevated tracks of Massa-

chusetts avenue and Tenth street and work is already under way at Kentucky avenue and West street.

The Civic Improvement Association to look after the improvement of streets, shade trees, parks, distribution of garden seeds, etc.

"The Water Commission," the purpose of which is to keep in close touch with local conditions with reference to water supply, fire protection, insurance rates, etc.

The Methodist Book Concern Commission, whose object is to secure the location of the manufacturing plant of the consolidated interests of the Methodist Book Concern of New York and other cities.

The 1906 Year Book of the Commercial Club will narrate hundreds of accomplishments directly or indirectly carried on by the officers and committees of this, which now has a membership of 1,250.

Additional Facts.

Indianapolis is the fifth largest publishing city in the United States.

One hundred and seventy-five churches with a membership of 70,000.

Indianapolis is noted for its freedom from labor strikes and disturbances.

The resources of our banks and trust companies, aggregating $70,000,000.00.

All freight depots are located in the heart of the city within a radius of four squares.

A Belt Railroad surrounds the city, expediting shipments and furnishing factory sites.

One-fourth of the entire population of America is within a radius of 300 miles of Indianapolis.

Eight public parks within the city limits, covering 1,311 acres, and three parks just outside with 310 acres.

Indianapolis has the largest and most imposing monument ever erected by any government in honor of its soldier dead.

New $2,000,000 Post Office and Federal Building completes chain of fine public buildings, second only to Washington.

One hundred and fifty-five miles of electric street railroad, under one system at a four-cent fare with universal transfers.

One hundred and fifteen miles of paved streets; 500 miles of improved streets; 155 miles of sewers; 250 miles of water mains. Sanitary conditions the best.

Headquarters of the Independent and Central Union Telephone Companies. Rates for offices and stores, $2.00 and $3.50 per month; residences, $1.50 and $2.00.

Two new boulevards were constructed in 1905; the Fall Creek Boulevard, extending from Central to Capitol avenues, and the Pleasant Run Boulevard on the south side.

Indianapolis is noted the world over for its beautifully shaded streets and comfortable homes, second only to Philadelphia in the number of workingmen to own their own homes.

Indianapolis is within fifty miles of the most extensive coal fields in the world and is the center of the Indiana coal trade which is daily growing into larger volume. The main offices of nearly all of the Indiana coal mines are located in Indianapolis and the contracts for production of coal are made here. Steam coal for factory and similar use is laid down at the

door of the consumer at about $1.25 per ton, a price which is not duplicated, quality considered, in any other city in this Union.

Two hundred passenger trains arrive and depart from the Union Station daily and more than three times that number of electric cars enter the Traction Terminal Station each day.

Forty-five hotels, offering accommodations to all visitors, even during the many conventions that are held here and which are of such frequence as to average one for each day in the year.

Indianapolis is recognized by educators as having a model school system; seventy school buildings and two great High Schools, one Academic and one Manual Training. A large Central Library, containing 100,000 volumes, with eight branches in all parts of the city.

INDIANAPOLIS STREET RAILWAY LINES.

The marginal letters of the alphabet in the Street Directory refer to the nearest street car line, To find what car runs nearest to a given number, find the street and number in the Directory and refer back from the marginal letter to the corresponding letter in the following street railway lines:

A **Pennsylvania Street Line.**

From cor Georgia and Illinois n on Illinois to Washington, e on Washington to Pennsylvania, n on Pennsylvania to Sixteenth, e on Sixteenth to Talbott av, n on Talbott av to Twenty-second. Returning, cars s on same track to Meridian and Washington, s on Meridian to Georgia, w on Georgia to Illinois.

A1 **Lexington Avenue Line.**

From cor Illinois and Maryland n to Washington, e on Washington to Virginia av, s e on Virginia av to Pine, n e on Pine to Lexington av, s e and e on Lexington av to Villa av. Returning, on same track to Virginia av and Maryland, w on Maryland to Illinois.

B **Central Avenue Line.**

From cor Georgia and Illinois to Washington, e on Washington to Pennsylvania, n on Pennsylvania to Massachusetts av, n e on Massachusetts av to Alabama, n on Alabama to Ft Wayne av, n e on Ft Wayne av to Central av, n on Central av to Thirty-fourth. In order to go north of Thirty-fourth take Central av car marked Mapleton or Fair Grounds.

C **Alabama Street Line.**

From cor Washington and Illinois e to Pennsylvania, n on Pennsylvania to Massachusetts av, n e on Massachusetts av to Alabama, n on Alabama to Nineteenth.

D **College Avenue Line.**

From cor Georgia and Illinois n on Illinois to Washington, e on Washington to Pennsylvania, n on Pennsylvania to Massachusetts av, n e on Massachusetts av to College av, n on College av to Twenty-seventh. Returning car runs s on same track to Meridian and Washington, s on Meridian to Georgia, w on Georgia to Illinois. Extention—Every third car e on Twenty-seventh to Cornell av, n on Cornell av to Thirtieth. Returning same route.

E **East Tenth Street Line.**

From cor Illinois and Washington, e to Pennsylvania, n on Pennsylvania to Massachusetts av, n e on Massachusetts av to Tenth, e on Tenth to Olney, n on Olney to Brookside Park. Returning, car runs s on same track to Massachusetts av and Ohio, w on Ohio to Illinois, s on Illinois to Washington.

F **Brightwood Line.**

From cor Georgia and Illinois, e on Georgia to Meridian, n on Meridian to Washington, e on Washington to Pennsylvania, n on Pennsylvania to Market, e on Market to Alabama, n on Alabama to Massachusetts av, n e on Massachusetts av to Cornell av, n on Cornell av to Thirteenth, e on Thirteenth to Roosevelt av, n e on Roosevelt av to Gale, n on Gale to Twenty-fifth, e on Twenty-fifth to Brightwood av. Returning, car runs s w on same track to Meridian and Washington, w on Washington to Illinois, s on Illinois to Georgia.

G **Columbia Avenue Line.**

From cor Georgia and Illinois e to Pennsylvania, n on Pennsylvania to Maryland, e on Maryland to Delaware, n on Delaware to Massachusetts av, n e on Massachusetts av to Cornell av, n on Cornell av to Thirteenth, e on Thirteenth to Columbia av, n on Columbia av to Sixteenth, e on Sixteenth to Martindale av, n on Martindale av to Twenty-fifth.

H **South East Street Line.**

From cor Illinois and Maryland n to Washington, e on Washington to Virginia av, s e on Virginia av to East, s on East to Nebraska.

I **Shelby Street Line.**

From cor Illinois and Maryland n to Washington, e on Washington to Virginia av, s e on Virginia av to Shelby, s on Shelby to Southern av, w on Southern av to Garfield Park.

J **Prospect Street Line.**

From cor Washington and Illinois e to Virginia av, s e on Virginia av to Prospect, e on Prospect to Keystone av.

K **Meridian Heights Line.**

From cor Georgia and Meridian n to Washington, e on Washington to Pennsylvania, n on Pennsylvania to Massachusetts av, n e on Massachusetts av to Alabama, n on Alabama to Ft Wayne av, n e on Ft Wayne av to Central av, n on Central av to Thirty-fourth, w on Thirty-fourth to Pennsylvania, n on Pennsylvania to Forty-eighth, e on Forty-eighth to College av. Returning, same route to Washington and Pennsylvania, s on Pennsylvania to Georgia, w on Georgia to Meridian.

L **Illinois, Crown Hill and Fairview Park Line.**

From Union Depot n on Illinois to Thirty-fourth, w on Thirty-fourth to Senate av (Crown Hill Cemetery), n on Senate av to Thirty-eighth, w on Thirty-eighth, and n to Fairview Park.

M **North Indianapolis Line.**

From Meridian and Georgia n to Washington, w on Washington to Illinois, n on Illinois to Indiana av, n w on Indiana av to Senate av, n on Senate av to Twenty-first, w on Twenty-first to Northwestern av, n w on Northwestern av to Crown Hill, w from Crown Hill to Clifton, s on Clifton to Twenty-seventh, e on Twenty-seventh to Northwestern av, s on same track to Illinois and Washington, s on Illinois to Georgia, e on Georgia to Meridian.

N **Indiana Avenue Line.**

From cor Georgia and Illinois n to Indiana av, n w on Indiana av to West, n on West to Fifteenth.

O **West Indianapolis Line.**

From cor Meridian and Washington w to Illinois, s to South, w on South to Kentucky av, s w on Kentucky av to River, w on River to River av, s w on River av to Oliver av, w on Oliver av to Division, s on Division to Morris, w on Morris to Bismarck av, s on Bismarck av to Howard, e on Howard to Reisner, n on Reisner to Morris. Returning, same track to Illinois and Georgia, e on Georgia to Meridian, n on Meridian to Washington.

P **Stock Yards Line.**

From cor Meridian and Washington w to Illinois, s to South, w on South to Kentucky av, s w on Kentucky av to Belt R R, thence s to Stock Yards.

Q **South Meridian Street Line.**

From cor Washington and Meridian w on Washington to Illinois, s to Russell av, s e on Russell av to Meridian, s on Meridian to Pleasant Run, the terminus. Returning, car runs n on Meridian to Adler, e on Adler to Union, n on Union to McCarty, w on McCarty to Meridian, n w on Russell av to Illinois, n on Illinois to Georgia, e on Georgia to Meridian, n on Meridian to Washington.

R **East Washington Street and Irvington Line.**

From cor Maryland and Illinois n to Washington, e on Washington to Irvington. Returning, car runs on same track to Pennsylvania, s on Pennsylvania to Maryland, w on Maryland to Illinois.

S **East Michigan Street Line.**

From cor Maryland and Illinois n to Washington, e on Washington to East, n on East to Ohio, e on Ohio to Fulton, n on Fulton to Michigan, e on Michigan to Keystone av.

T **English Avenue Line.**

From cor Washington and Illinois s to Maryland, e on Maryland to Virginia av, s e on Virginia av to Pine, n e on Pine to English av, s e and e on English av to Keystone av.

U **Madison Avenue and Garfield Park Line.**

From cor Washington and Illinois s to South, e on South to Delaware, s on Delaware to Madison av, s e and s on Madison av to Lincoln, e on Lincoln to East, s on East to Garfield Park.

V **West Washington and Insane Hospital Line.**

From cor Maryland and Illinois n to Washington, w on Washington to Insane Hospital.

W **Blake Street and Riverside Park Line.**

From cor Washington and Illinois w to West, n on West to New York, w on New York to Blake, n on Blake to Indiana av, n w on Indiana av to Montcalm, n on Montcalm to Eighteenth, w on Eighteenth to Riverside Park, n by Riverside Park to Thirtieth. Returning, s to Twenty-seventh, e on Twenty-seventh to Schurmann av, s on Schurmann av to Twenty-first, e on Twenty-first to Montcalm, s on Montcalm to Indiana av, s e on Indiana av to Locke, s on Locke to Walnut, e on Walnut to Blake.

X **West Michigan and Haughville Line.**

From cor Maryland and Illinois n to Washington, w on Washington to Bloomington, n on Bloomington and Bank av to Michigan, w on Michigan to Tibbs av.

Y **Bismarck Avenue Line.**

From Maryland and Illinois n to Washington, w on Washington to Bloomington, n on Bloomington and Bank av to Michigan, w on Michigan to Bismarck av, n on Bismarck av to Crawfordsville rd.

Z **Brookside Avenue and Eighteenth Street Line.**

From cor Illinois and Washington e to Pennsylvania, n on Pennsylvania to Massachusetts av, n e on Massachusetts av to Tenth, e on Tenth to Brookside av, n e on Brookside av to Eighteenth. Returning on same track to Massachusetts av and Ohio, w on Ohio to Illinois, s on Illinois to Washington.

R. L. POLK & CO.'S

Indianapolis City Directory

1906.

STREETS AND AVENUES.

THE Street Directory is an alphabetical arrangement of the names of the Streets and Avenues of the city. By the decimal system of numbering houses recently adopted in this city, one hundred numbers are allotted to each square. On streets running north and south the numbering begins at Washington street. The streets running east and west are numbered East and West from Meridian street. All other streets not commencing at either of the above points are numbered in accordance with this system. The names and numbers of intersecting streets and avenues are given in the order in which they occur, which enables one to tell between what streets a certain number is. For instance, you have 820 Harlan street: by reference to the Street Directory, you find 800 at Lexington av. and 900 at Pleasant street; consequently, the place you wish to find is between Lexington av. and Pleasant street.

The marginal letters of the alphabet refer to the nearest street car line. For example, you wish to go to 520 E. Sixteenth: you refer to Sixteenth street in the Street Directory and find that 520 would be between Central av. and Park av. and the letter "B" in the margin, then by referring to the street railway lines you find the letter "B" is the Central av. line, which is the nearest car.

WARD BOUNDARIES.

FIRST WARD—

Commencing at the intersection of the center line of School Street and Thirtieth Street; thence in a southernly direction with the east corporation line to the center line of Massachusetts Avenue and the right-of-way of the Belt R. R.; thence in a southwesternly direction along the center line of the Belt R. R. right-of-way, to the center line of Tenth Street; thence in a westernly direction in the center line of Tenth Street to the center line of Massachusetts Avenue; thence in a southwesternly direction in the center line of Massachusetts Avenue to the center line of Cornell Avenue; thence in a northernly direction in the center line of Cornell Avenue to the center line of Fifteenth Street; thence in an easternly direction, in the center line of Fifteenth Street to the center line of the right-of-way of the C., I. & L. R. R.; thence in a northernly direction in the center line of the right-of-way of the C., I. & L. R. R. to the center line of Twenty-first Street; thence in an easternly direction in the center line of Twenty-first Street to the center line of Martindale Avenue; thence in the center line of Martindale Avenue to the center line of the right-of-way of the Belt R. R.; thence in an easternly direction in the center line of the Belt R. R. to the center line of Ralston Avenue, produced south; thence north in the center line of Ralston Avenue, and the same produced south, to the center line of Thirtieth Street; thence in an easternly direction and southernly direction, with the corporation line, to the intersection of the center lines of School Street and Thirtieth Street, to the place of beginning.

SECOND WARD—

Commencing at the intersection of the center lines of Thirtieth Street and Ralston Avenue; thence in a southernly direction in the center line of Ralston Avenue and the same produced, to the center line of the Belt R. R.; thence in a westernly direction along the center line of the Belt R. R. to the center line of Martindale Avenue; thence in the center line of Martindale Avenue to the center line of Twenty-first Street; thence west in the center line of Twenty-first Street to the center line of C., I. & L. R. R. right-of-way; thence in a southernly direction in the center line of the C., I. & L. R. R. right-of-way to the center line of Fifteenth Street; thence in a westernly direction in the center line of Fifteenth Street to the center line of Central Avenue; thence in a northernly direction in the center line of Central Avenue to the center line of Fifteenth Street, west; thence in a westernly direction in the center line of Fifteenth Street to the center line of Alabama Street; thence in a northernly direction in the center line of Alabama Street to the center line of Fall Creek; thence in a northeasternly direction in the center line of Fall Creek to the center line of Thirtieth Street; thence in an easternly direction in the center line of Thirtieth Street to the center line of Ralston Avenue, the place of beginning.

THIRD WARD—

Commencing at the intersection of the center lines of Alabama Street and Fall Creek; thence in a southernly direction in the center line of Alabama Street to the center line of Sixteenth Street; then in a westernly direction in the center line of Sixteenth Street to the center line of Capitol Avenue; thence in a southernly direction in the center line of Capitol Avenue to the center line of Pratt Street; thence in a westernly direction in the center line of Pratt Street to the center line of West Street; thence in a northernly direction in the center line of West Street to the center line of Fifteenth Street, produced west; thence with the center line of Fifteenth Street produced, to the center line of Northwestern Avenue; thence in a northernly direction in the center line of Northwestern Avenue to the center line of Fall Creek; thence in a northeasternly direction in the center line of Fall Creek, to the center line of Alabama Street, the place of beginning.

FOURTH WARD—

Commencing at the intersection of the center lines of Delaware Street and Thirty-eighth Street; thence in a westernly direction, southernly and northernly direction with the corporation line to the intersection of the center lines of Crawfordsville and Lafayette Roads; thence in a southeasternly direction in the center line of the first road west of White River, to a point nine hundred and ninety-two and two-tenths (992 2-10) feet north of the center line of Tenth Street, measured at right angles thereto; thence in an easternly direction and parallel with the north line of Tenth Street, to the center line of White River; thence in a southwesternly direction in the center line of White River to the center line of Tenth Street; thence in an easternly direction in the center line of Tenth Street to the center line of West Street; thence in a northernly direction in the center line of West Street to the center line of Fifteenth Street produced west; thence east with the said center line of Fifteenth Street to the center line of Northwestern Avenue; thence in a northernly direction in the center line of North-

western Avenue to the center line of Fall Creek; thence in a northeasternly direction in the center line of Fall Creek to a point east of Central Avenue, the same being the corporation line; thence in a northernly and westernly direction along the corporation line to the intersection of the center lines of Delaware Street and Thirty-eighth Street, the place of beginning.

FIFTH WARD—

Beginning at the intersection of the center lines of Tenth Street and West Street; thence in a southernly direction in the center line of West Street to the center line of New York Street; thence in a westernly direction in the center line of New York Street to the center line of Blackford Street; then in a southernly direction in the center line of Blackford Street to the center line of Washington Street; thence in a westernly direction in the center line of Washington Street to the center line of White River; thence in a northwesternly direction in the center line of White River to the center line of Tenth Street; thence in an easternly direction in the center line of Tenth Street to the center line of West Street, the place of beginning.

SIXTH WARD—

Beginning at the intersection of the center lines of Pratt Street and Pennsylvania Street; thence in a southernly direction in the center line of Pennsylvania Street to the center line of Washington Street; thence in a westernly direction in the center line of Washington Street to the center line of Blackford Street, north; thence in a northernly direction in the center line of Blackford Street to the center line of New York Street; thence in an easternly direction in the center line of New York Street to the center line of West Street; thence in a northernly direction in the center line of West Street to the center line of Pratt Street; thence in an easternly direction in the center line of Pratt Street to the center line of Pennsylvania Street, the place of beginning.

SEVENTH WARD—

Beginning at the intersection of the center lines of St. Clair Street and Pine Street; thence in a southernly direction in the center line of Pine Street to the center line of Washington Street; thence in a westernly direction in the center line of Washington Street to the center line of Pennsylvania Street; thence in a northernly direction in the center line of Pennsylvania Street to the center line of St. Clair Street; thence in an easternly direction in the center line of St. Clair Street to the center line of Pine Street, the place of beginning.

EIGHTH WARD—

Beginning at the center lines of the intersection of Fifteenth Street and Cornell Avenue; thence in a southernly direction in the center line of Cornell Avenue to the center line of Massachusetts Avenue; thence in a northeasternly direction in the center line of Massachusetts Avenue to the center line of the right-of-way of the L. E. & W. R. R.; thence in a southernly direction in the center line of the L. E. & W. R. R. to the center line of St. Clair Street; thence in a westernly direction in the center line of St. Clair Street to the center line of Pennsylvania Street; thence in a northernly direction in the center line of Pennsylvania Street to the center line of Pratt Street; thence in a westernly direction in the center line of Pratt Street to the center line of Capitol Avenue; thence in a northernly direction in the center line of Capitol Avenue to the center line of Sixteenth Street; thence in an easternly direction in the center line of Sixteenth Street to the center line of Alabama Street; thence in a southernly direction in the center line of Alabama Street to the center line of Fifteenth Street; thence in an easternly direction in the center line of Fifteenth Street to the center line of Central Avenue; thence in a southernly direction in the center line of Central Avenue to the center line of Fifteenth Street; thence in an easternly direction in the center line of Fifteenth Street to the center line of Cornell Avenue, the place of beginning.

NINTH WARD—

Commencing at the center line of the L. E. & W. R. R. right-of-way at the intersection of Tenth Street; thence in a southernly direction in the center line of the L. E. & W. R. R. right-of-way to the center line of St. Clair Street; thence in a westernly direction in the center line of St. Clair Street to the center line of Pine Street; thence in a southernly direction in the center line of Pine Street to the center line of Washington Street; thence in an easternly direction in the center line of Washington Street to the center line of the Belt R. R. right-of-way; thence in a southernly direction in the center line of the Belt R. R. right-of-way to the center line of the C. H. & D. R. R. right-of-way, the same being a point in the corporation line of said city; thence in an easternly, southernly, northernly and westernly direction with the corporation line of said city to the center lines of Walnut Street and the Belt R. R. right-of-way; thence in a northeasternly direction in the center line of the Belt R. R. right-of-way to the center line of Tenth Street; thence in a westernly direction in the center line of Tenth Street to the center line of the L. E. & W. R. R. right-of-way, the place of beginning.

TENTH WARD—

Commencing at the intersection of the center lines of Washington Street and Southeastern Avenue; thence in an easternly direction in the center line of Washington Street to the center line of the Belt R. R. right-of-way; thence in a southernly direction in the center line of the Belt R. R. right-of-way to the center line of the C., H. & D. R. R. right-of-way, the same being a point of the corporation line of said city; thence in a westernly and southernly direction with the corporation line to the center line of Shelby Street; thence in a northernly direction in the center line of Shelby Street to the center line of Maryland Street; thence in a westernly direction in the center line of Maryland Street to the center line of Cruse Street; thence in a northernly direction in the center line of Cruse Street to the center line of Southeastern Avenue; thence in a northwesternly direction in the center line of Southeastern Avenue to the center line of Washington Street, the place of beginning.

ELEVENTH WARD—

Beginning at the intersection of the center lines of Washington Street and Southeastern Avenue; thence in a southeasternly direction in the center line of Southeastern Avenue to the center line of Cruse Street; thence in a southernly direction in the center line of Cruse Street to the center line of Maryland Street; thence in an easternly direction in the center line of Maryland Street to the center line of Shelby Street; thence in a southernly direction in the center line of Shelby Street to the center line of Prospect Street; thence in a westernly direction in the center line of Prospect Street to the center line of Madison Avenue; thence in a northwesternly direction in the center line of Madison Avenue to the center line of Delaware Street; thence in a northernly direction in the center line of Delaware Street to the center line of Washington Street; thence in an easternly direction in the center line of Washington Street to the center line of Southeastern Avenue, the place of beginning.

TWELFTH WARD—

Beginning at the intersection of the center lines of Washington Street and Delaware Street; thence in a southernly direction in the center line of Delaware Street to the intersection in the center line of Madison Avenue; thence in the center line of Madison Avenue to the center line of Ray Street; thence in a westernly direction in the center line of Ray Street to the center line of White River; thence in a northernly direction in the center line of White River to the center line of Washington Street; thence in an easternly direction in the center line of Washington Street to the center line of Delaware Street, the place of beginning.

THIRTEENTH WARD—

Beginning at the intersection of the center lines of Prospect and Shelby Streets; thence in a southernly direction in the center line of Shelby Street to the southern corporation line of said city; thence in a westernly direction along the southern corporation line to the center of White River; thence in a northernly direction in the center line of White River to the center line of Ray Street; thence in an easternly direction in the center line of Ray Street to the center line of Madison Avenue; thence in a southeasternly direction in the center line of Madison Avenue to the center line of Prospect Street; thence in an easternly direction in the center line of Prospect Street to the center line of Shelby Street, the place of beginning.

FOURTEENTH WARD—

Beginning at the intersection of the center lines of White River and Maryland Street, produced west; thence in a southernly direction along the center line of White River to the center line of the Belt R. R. right-of-way, the same being a point in the corporation line of said city; thence in a westernly, southernly and northernly direction with the corporation line to the center line of Oliver Avenue and Belmont Avenue; thence in a northernly direction in the center line of Belmont Avenue to the center line of Maryland Street; thence in an easternly direction in the center line of Maryland Street and the same produced in a straight line to the center line of Harding Street; thence in an easternly direction in a straight line, to the place of beginning.

FIFTEENTH WARD—

Commencing at the intersection of the center lines of Sheffield Avenue and the first road west of White River; thence in a southeasternly direction in the center line of the first road west of White River to a point nine hundred and ninety-two and two-tenths (992 2-10) feet north of the center line of Tenth Street measured at right angles thereto; thence in an easternly direction and parallel to the north line of Tenth Street to the center line of White River; thence in a southwesternly and southeasternly direction in the center line of White River to the center line of Maryland Street produced west; thence in a westernly direction with the north boundary line of the Fourteenth Ward, previously described, to the center line of Belmont Avenue; thence in a southernly direction in the center line of Belmont Avenue to the center line of Oliver Avenue, the same being a point in corporation line of said city; thence in a westernly, northernly and easternly direction with the corporation line to the center of the first road west of White River; thence in a southeasternly direction along the center of the first road west of White River, to the center of Sheffield Avenue, the place of beginning.

THE ASSOCIATION OF AMERICAN DIRECTORY PUBLISHERS

W. H. LEE, President. A. G. WRIGHT, First Vice-President.
A. V. WILLIAMS, Second Vice-President.
W. H. BATES, Secretary. J. L. HILL, Treasurer.

TRUSTEES:

WM. E. MURDOCK, Boston.
R. L. POLK, Detroit.
W. H. LEE, New Haven.
R. H. DONNELLEY, Chicago.
A. G. WRIGHT, Milwaukee.
W. H. BATES, New York.
E. B. GOULD, St. Louis.
A. V. WILLIAMS, Cincinnati.
J. L. HILL, Richmond.

Secretary's Office, 89 Third Avenue, New York

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

October 2, 1902

R. L. POLK & CO.'S

Indianapolis City Directory.

1906.

COURTS.

The United States is divided into nine Judicial Circuits, in each of which a Circuit Court is held for each district within each circuit. The act of Congress approved April 10, 1869, provides as follows: "The Circuit Court in each district shall be held by the Justice of the Supreme Court allotted to the Circuit, or by the Circuit Judge of the Circuit, or by the District Judge of the District, sitting alone, or by the Justice of the Supreme Court and Circuit Judge sitting together, in which case the Justice of the Supreme Court shall preside, or in the absence of either of them, by the other (who shall preside), and the District Judge." The State of Indiana comprises one Judicial District. The courts for the district are held in Indianapolis, New Albany, Evansville, Fort Wayne and Hammond. The district is attached to the Seventh Judicial Circuit, which comprises the States of Wisconsin, Illinois and Indiana.

The United States Courts of the District of Indiana are organized as folows:

WHAT IS THE USE
of SPENDING MONEY FOR
FINE HALFTONES

Unless you place your PRINTING with a House that is capable of bringing out all the good points in the cuts?

The
Aetna Printing Company
312 Century Building

Has the Best Compositors, Make-Ready Men and Pressmen in the city and makes a specialty of fine Catalogs, Booklets, and other work where Halftones are employed

Make Your PRINTED MATTER
THE BEST
The Public will judge you by your
CATALOGS AND BOOKLETS

BOTH TELEPHONES 4305

DO YOU WANT

Good Printing

AND A SQUARE DEAL?

The Aetna Printing Company

WILL FURNISH YOU WITH BOTH

¶No Print Shop is better equipped for the production of Fine and Artistic Printing. ¶We believe that a satisfied customer makes a regular patron, and we do our work and make our prices accordingly. ¶When you are ready TO PLACE YOUR NEXT CATALOG, call up Telephone 4305 and our City Solicitor will see you. ¶Our Linotypes, large and small Presses, complete variety of Type Faces, Bindery, Skilled Workmen, and above all, many years of practical experience are at your disposal. ¶We can possibly give you valuable suggestions in the preparation of your work, selection of types and paper, and general make-up of your printed matter.

OUR MOTTO

TO HANDLE THE BEST GRADE THAT THE MARKET AFFORDS AT THE LEAST MONEY

INDIANAPOLIS BRANCH

New York Belting & Packing Co., Ltd.

MANUFACTURERS OF ALL KINDS OF MECHANICAL RUBBER GOODS
WE ARE HEADQUARTERS FOR MILL AND ENGINEERS' SUPPLIES
TOOLS, BRASS GOODS, BELTING, HOSE, OILS AND GREASES

"BURNHAM" Steam Pumps

GUARANTEE TO USERS OF STEAM PUMPS

We guarantee all Steam Pumps made by us to be equal to the best the market affords in quality and service. All pumps sold from our factory, or through our agents, are made of the best material for the purpose, and in the best workmanlike manner. They are thoroughly tested under the supervision of one of the company, and any pump ordered according to our tables can be returned at our expense and purchase money refunded, or another pump furnished, if desired, if it does not perform the service. All parts are made duplicate, interchangeable, and can be furnished promptly. Pumps will be furnished to responsible parties and ample time given to test the same.

Cuts Off Barbed Fence Wire as Easily as an Ordinary Eight-Inch Plier

Packing Hook (Hoof Cleaner) is a Most Useful Tool for Automobilists, Locomotive Enginemen and Stationary Engineers

No More Parts Nor Pieces Than in a Three-Bladed Knife

Price, $1.25 Each

DEVINE SPECIALTY CO.

ELI A. HIRSHFIELD, *President*
CONTROLLING SALES AGENTS

220-222 East Ohio Street, Indianapolis, Indiana

(OVER)

"A Stitch in Time Saves Nine"

A bolt tightened at the right time may save a serious breakdown causing loss of time and money.

"The Devine Wonder Knife"

is built for practical use, not filled with Nic-Nacs, as is the case with most combination knives. Especial care is taken to make the knife sufficiently strong for use of Mechanics, Machinists, Farmers, Teamsters, Electricians, Sportsmen, Etc., all rivets being countersunk. The temper is drawn in Screw Driver and point of Awl to prevent either from breaking. It is no more clumsy or awkward to carry in the pocket than an ordinary three-bladed knife. The blades are made of the best 85 carbon cutler's steel, and tempered to withstand hard usage.

The Pliers and Wire Cutters are Drop-Forged Tool steel (not steel castings), and tempered especially to do the work required of them, and give entire satisfaction in handling and cutting fence wire, baling and binding wire, harness rivets, etc.

The Leather Punch will be found indispensable for making various sized holes in leather for buckles, rivets, belt lacing, etc.

The Leather Punch acts as a swedging awl or marlin spike When Turned to the Left; especially adapted for use in Lacing Belts, untying knots, etc. Besides being a perfect leather punch and swedging awl, this tool is a perfect screw bit, making a tapering hole in wood for various sized screws When Turned to the Right.

The Screw Bit and Screw Driver features of this knife are perfect in their operation.

The Lace Hook and Hoof Hook formed on end of plier handle will be found convenient in many ways.

One Tool Does Not Interfere With the Free Use of Another
Each One Works Independently

This knife is a marvel of mechanical ingenuity, embodying every essential element, viz.: Simplicity, Convenience, Durability, Smoothness and Strength. It is not heavy nor cumbersome. Perfect in operation. Made to sell on its Merits. Made to gain friends and keep them. A tool for any emergency.

"A Pocket Tool Chest for Automobilists"

Universally pronounced by automobile drivers, mechanics and electricians, the handiest tool ever invented. Compact, small, but does big work in any emergency.

From Willard W. Hubbard, Gen. Sales Agt. Vandalia Coal Co., Indianapolis, Ind.

"Your nine-tool knife is the handiest emergency tool I have ever had around an automobile. I can't imagine a more convenient combination to have in one's pocket about home and at all times. It is amazingly strong for its weight, and seems built to last. Usefulness considered, the price is very low."

From John F. McNamee, Editor and Manager Locomotive Firemen's Magazine, Indianapolis, Ind.

"This knife has proven to be very useful to me on several occasions since I came into possession of it, and I can personally add my testimonial to the many others already given, as to its desirability and adaptability in the performance of duties of the engineman."

From Geo. F. Kirkhoff, of Kirkhoff Bros., Plumbers, 11-15 N. New Jersey St., Indianapolis, Ind.

"Your knife has won a place for itself in my shop. My men pronounce it the handiest tool they have ever used, especially on a job outside the shop where a large number of tools cannot easily be carried. It is entirely practicable and stands a vast amount of rough usage."

We receive hundreds of voluntary testimonials from pleased users of the Devine Wonder Knife.

Price, $1.25 Each

OPEN SUNDAYS
Call New Phone 9735

WE take great pride in our work, and are just as much interested in the satisfaction of our patrons as they themselves. It pays to advertise and that is what we are doing, and a pleased patron is one of our best advertisements. Remember, we make examinations free. Call and consult us about OUR splendid process of filling teeth. We are the only Dentists in the State using it, for it is a secret process. It is just what the people have wanted for years, inasmuch as it possesses all the following qualities: 1. It is suitable for both back and front teeth, and especially for large shelly cavities. We save many teeth that other Dentists have given up as hopeless. 2. It preserves the natural color and contour of the tooth structure. 3. It does not shrink from the walls of the cavity and fall out in two or three years, and 4, lastly, but by no means least, it is as hard as glass. What a list of splendid qualities to be possessed by one kind of filling material! So reliable is this Process of filling teeth that, to convince our patients of our sincerity, we guarantee these kinds of fillings for two years; that is, of course, where the circumstances are not too unfavorable, and if it is a case where that kind of filling should not be used, we will be honest and advise another kind. Now this does not mean that we expect our work to last only two or three years. We mean that if anything happens to our Process of filling, we will replace it at once free of extra charge inside of the time limit of our guarantee up to date, for we keep a written record of all our work to insure the patient and ourselves.

Remember Our Motto: "Prices Reasonable and Satisfaction Guaranteed."

Indiana Medical College

The School of Medicine

of

PURDUE UNIVERSITY

SEPTEMBER, 1905, by the unanimous action of their respective Boards of Trustees, assembled in Indianapolis, The Medical College of Indiana, The College of Physicians and Surgeons, and the Ft. Wayne School of Medicine merged and became the Medical Department of Purdue University, with the title of Indiana Medical College, The School of Medicine of Purdue University.

These three schools of medicine have given continuous instruction in Indiana for many years. They have graduated over 2500 students, and the properties of these colleges, worth $200,000, the student body of 360 students, the histories and traditions of the colleges are all now merged in and are now an integral part of Purdue University, the leading professional school of Indiana, and subject to its governing body. For the first time in the history of medical education in Indiana, its medical colleges have formed a university union.

The College will remain permanently in Indianapolis, a city representing the clinical material required for a modern school of practical medicine.

This College will open its 37th session in September, 1906. A four years' graded course, sessions of eight months each. Well-equipped laboratories in all departments. Practical laboratory work under special instructors in Anatomy, Physiology, Chemistry, Histology, Pathology, Bacteriology. Excellent clinical advantages. Free dispensary in college building at which 15,000 patients are treated annually. Clinics at City Hospital, St. Vincent's Infirmary and Central Hospital for Insane. Bedside instruction. Obstetric service at Maternity Hospital. Every opportunity is afforded for the study of general and special branches of medicine and surgery.

For information, address the Secretary.

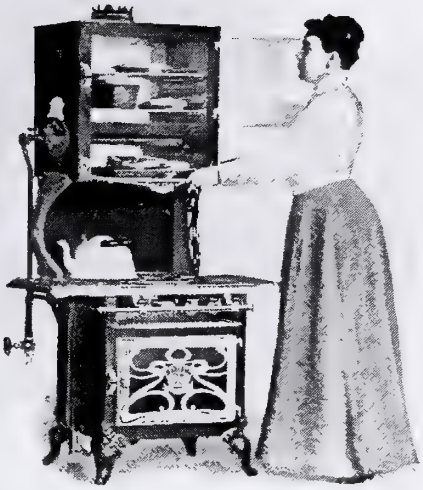
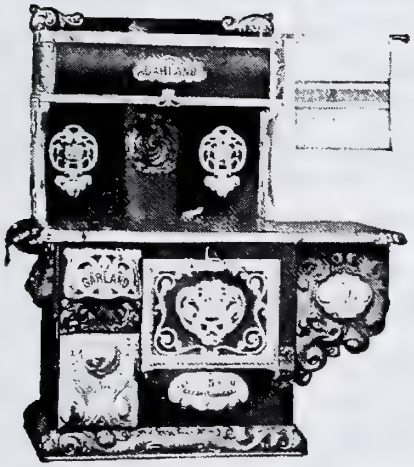
BASE BURNER

BEST *for* ANY PURPOSE



GAS RANGE

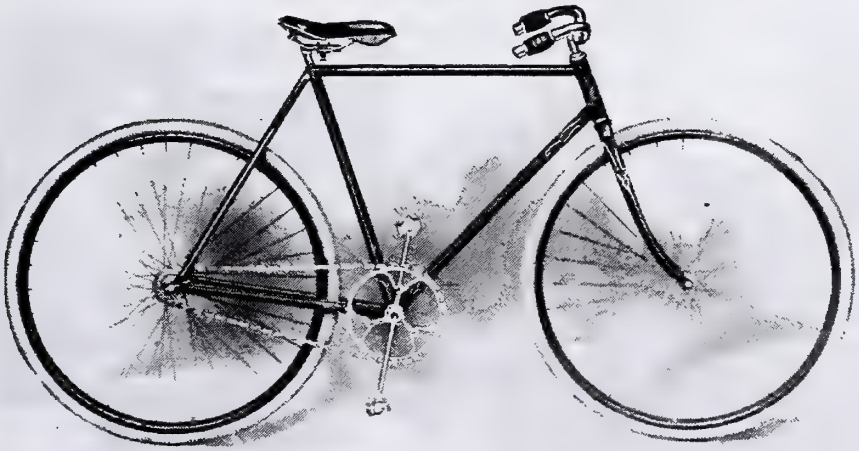


We have the largest variety of high grade stoves shown by any dealer. Every stove for any purpose is of the latest design and best construction and highest finish. We are headquarters for GOOD STOVES

Cash or Payments

C. KOEHRING & BRO.

Numbers 878-880-882 Virginia Avenue *Telephones—Main, 852; New, 9093*



RAMBLER BICYCLES

Most popular bicycle of the country. Has led the procession since bicycles were made.

VICTOR & EDISON

TALKING MACHINES

The Kings Among Instruments for Entertaining

A great treat to hear the most inspiring vocal and instrumental music as well as the popular and funniest comic songs and recitations by the highest class talent and superbly rendered in your own home, when and where you wish, with words as distinct and tone as sweet and musical as of the artists themselves, with the full volume of sound of the original or reduced at will so the sound can not be heard outside of an ordinary room.

Sent to Your Own Home on Approval

We carry in stock every record in both Victor and Edison catalogues. Records can be ordered by telephone to be sent to your home with privilege of returning, if not desired.
